Report On
ADWITIYA, 2024

UG & PG Students

Organised By:

FACULTY OF COMMERCE AND MANAGEMENT

Learning Objectives:

Sr. No	Description
1	ADWITIYA aimed to sharpen participants' ability to think quickly and strategically. Through the intellectually challenging events such as the quiz and treasure hunt, students had to analyze situations, process information swiftly, and make informed decisions under pressure.
2	Working in groups during the cultural and treasure hunt activities emphasized the value of collaboration. Participants learned to rely on each other's strengths, delegate tasks efficiently, and come together as cohesive teams to overcome challenges.
3	The triathlon tested students' stamina and willpower. By participating in swimming, cycling, and running, they not only demonstrated their physical strength but also learned the importance of mental discipline and perseverance
4	ADWITIYA required students to manage their time efficiently, especially during the treasure hunt and triathlon. The ability to balance speed with precision and endurance played a pivotal role in their success.
5	In the cultural dance round, students were given the chance to showcase their artistic flair. This round pushed them to think creatively, choreograph unique performances, and express their ideas in ways that left a lasting impression.

Learning Outcomes:

Sr. No	Description
1	Students emerged with stronger critical thinking capabilities, able to approach complex problems with confidence and composure.
2	Throughout the event, participants developed essential communication, leadership, and teamwork skills, which were key to succeeding in group activities.
3	Throughout the event, participants developed essential communication, leadership, and teamwork skills, which were key to succeeding in group activities.
4	The cultural round provided students with a platform to let their creativity shine, resulting in increased self-expression and innovation.
5	Students who participated in the triathlon gained a deeper understanding of the interplay between physical fitness and mental toughness, pushing their limits both physically and mentally.

Event Overview: ADWITIYA 2024

ADWITYA 2024 was an all-encompassing, multidisciplinary student competition aimed at fostering excellence in intellect, creativity, and physical endurance. It served as a platform where participants could challenge themselves across a range of activities designed to test their cognitive abilities, teamwork, artistic expression, and physical stamina.

The event was structured to progressively increase in difficulty, with each stage focusing on a different set of skills. It began with a test of intellectual strength through an online quiz, where participants demonstrated their knowledge and critical thinking. Following this, the focus shifted to creativity and collaboration through a cultural activity in which participants showcased their ability to work as a team while delivering an innovative performance. The competition further escalated with a treasure hunt, testing problem-solving, quick thinking, and teamwork as participants raced to solve clues spread across the campus. The grand finale pushed participants to their physical limits in a triathlon that combined swimming, cycling, and running, offering a true test of endurance and determination.

ADWITYA was not just about winning—it was about developing a well-rounded set of skills and personal growth through a series of intellectual, creative, and physical challenges. It highlighted the importance of teamwork, perseverance, quick thinking, and creative problem-solving, making it a truly holistic event for participants.

The stages were structured as follows:

1. **Online Quiz** – 60 participants
2. **Cultural Dance Activity** – 6 groups (40 students)
3. **Treasure Hunt** – 4 groups advanced
4. **Triathlon (Swimming, Cycling, Running)** – Final stage with individual male and female categories

Event Description

1. **Online Quiz (October 3, 2024)**

The journey of ADWITYA 2024 commenced with an engaging online quiz that saw 60 participants testing their mettle against a wide range of topics, including general knowledge, current affairs, and analytical puzzles. The quiz was designed not only to assess students' knowledge but also their ability to think critically and make fast decisions. After a rigorous

round of questions, 40 students emerged victorious, earning their place in the next phase of the competition.

2. **Cultural Dance Activity (October 10, 2024)**

The second stage took place on October 10, from 8:30 AM to 10:15 AM, at the lively and energetic MBA Atrium. Here, 40 students were grouped into 6 teams for a spectacular cultural dance activity. Each group was tasked with creating a synchronized dance performance that showcased creativity, unity, and coordination. The vibrant display of artistic talent filled the atrium with excitement and energy, as the participants worked together to choreograph and present visually captivating performances. The top 4 teams, selected for their ingenuity and flawless execution, advanced to the treasure hunt.

3. Treasure Hunt (October 10, 2024)

Later in the day, from 1:15 PM to 3:00 PM, the remaining 4 teams took part in an exhilarating treasure hunt. The entire campus was transformed into a playground of clues and riddles, testing the teams' problem-solving skills, teamwork, and agility. The treasure hunt was designed to challenge the students to think outside the box, analyze clues carefully, and act swiftly. Only two teams were able to successfully navigate through the labyrinth of puzzles and earn their spot in the grand finale – the triathlon.

4. Triathlon (October 11, 2024)

The final showdown, the triathlon, took place on October 11 from 9:00 AM to 11:00 AM at SGI Ground. The remaining participants, now competing individually in male and female categories, had to push their physical limits across three demanding stages – swimming, cycling, and running. The triathlon was the ultimate test of endurance, speed, and perseverance. Each participant battled the clock, striving to complete all three stages in the shortest time possible. The atmosphere was electrifying as the finalists gave their all, and in the end, the fastest and fittest athletes were crowned as the champions of ADWITYA 2024.

Conclusion

ADWITYA 2024 was not just a competition; it was a transformative experience for all who participated. The event brought together students from diverse backgrounds and disciplines, challenging them to push their boundaries mentally, creatively, and physically. Each stage of the competition – from the brain-teasing quiz to the high-energy dance round, the strategic treasure hunt, and the physically demanding triathlon – offered unique opportunities for learning and growth. Through teamwork, resilience, creativity, and endurance, the participants emerged not just as competitors, but as more well-rounded individuals ready to take on future challenges with confidence.
